# LETTER FROM DIRECTOR

2020-21 Season - Return To Play - Making Your Safety A Priority

To all returning and new VC United players and their families ...

I want to personally welcome all of you and thank you for considering VC United during these difficult and unprecedented times. When Governor Pritzker and the IHSA made their announcements on Wednesday, July 29th, it sent shockwaves well beyond our small volleyball community. My staff and I have been working feverishly to put together a plan for our players to "Return To Play" as we make dramatic shifts in our template for a normal club season.

As I mentioned in my Facebook Live video last week, I believe there is a way to conduct a club volleyball season under these conditions. Our first priority is to take every reasonable step to ensure that our players and their families are safe. I think it is important to note that we conducted seven weeks of Girls' Elite practices and had over 600 registrations for our camps and Group Lessons during June and July. To our knowledge, we did not have a single COVID case enter or leave our gym. We will continue to take the extraordinary measures in our facility and amongst our staff to create the safest environment possible.

Like many of you, I have two teenagers at home. They are ready to get back to life. While it is clear that we are far from returning to normal, we do feel we can be part of the solution right now for our athletes to train, compete, socialize, and grow as players and young adults. Beyond the developing their game, we hope we can help our athletes overcome the day to day challenges of navigating life during a pandemic.

Our plan is unique. We realize there are other organizations that are trying to return to normal and are advertising as such. We simply don't believe normal is possible. Our approach is to be adaptable, support our athletes, find creative solutions, and consider our families and their unique circumstances every step of the way. We hope you will appreciate our approach and consider VC United this season.

Thank you,

*Eric Schulze*  
Executive Director

# 2020-21 GIRLS' TRYOUTS

2020-21 Season - Return To Play - Making Your Safety Our Priority

## TWO WAYS TO TRYOUT FOR THE 2020-21 SEASON

PLAYERS SHOULD ONLY CHOOSE ONE; WE HAVE NO PREFERENCE WHICH "TRYOUT" A PLAYER ATTENDS

### WHY TRYOUTS?

Even though we anticipate that the early sessions will be in-house leagues, we need to accomplish two goals with our tryouts. First, to create a competitive training environment with players of similar ability and objectives. Second, is to be in a position to quickly move to teams/tournament play when Illinois determines it is safe to do so.

### AGE GROUPS

USA Volleyball and AAU Volleyball have changed the birthdate cutoff starting with the upcoming season.

U18 Girls Born 7/1/2001-6/30/2003

U17 Girls Born 7/1/2003-6/30/2004

# COVID-19 ADJUSTMENTS

2020-21 Season - Return To Play - Making Your Safety A Priority

Beyond the changes used daily in our gym to mitigate the risks associated with COVID-19, we have made several major changes to the structure of our club season to assist our families with the challenges of the pandemic. These changes will be highlighted in our Parent/Player Handbook and Contracts/Agreements for the season.

## 1 SEASON CALENDAR

We are making a major adjustment to the schedule with us starting practices in September and ending in mid-February (Girls' Elite will return in May). There will be optional seasons for all of our programs next spring and summer. The season will be creatively scheduled to allow for In-House competition until we are able to compete in tournaments both regionally and nationally.

## 2 COVID-19 COMPETITION SCHEDULE

Special considerations for events and tournaments have been put in place as we continue to navigate the pandemic. The season will be divided into short segments with specific competition types associated with the levels designated in the Restore Illinois plan, including in-house league play early in the season.

## 3 COVID-19 UNIFORM PACKAGE

Due to the uncertain nature of the upcoming season we are modifying our Mizuno Uniform Package requirements for 2020-21. All players will receive Tryout and Practice T-Shirts. Players will **only be required** to purchase the jerseys and spandex for their program (if they don't already have). All players **must** also have a ball. Additional items (shoes, backpacks, warm-ups, etc.) will be optional.

## 4 COVID-19 CLUB DUES/FEES

We are putting in place a special fee structure for the 2020-21 season designed to protect our families from COVID-related issues. First, we have removed a portion of the dues that accounted for Tournament Entry Fees. Once the guidelines allow us to compete, those will be invoiced à la carte during the season. Second, we have spread the payments out on the 1st and 15th of every month that the season is running. Any payments during a "shutdown" will be removed from the plan.

## 5 WORKING WITH NEW HS SPRING SEASON

Our objective will be to work **with** the local High School programs in the area. Our regular season will end on February 14 or 15 for Elite, Premier and Regional. Elite will resume their season in May (after HS season ends). We **WILL** have an opt-in season for Elite players who want to attend high Exposure tournaments **IF** they are running **AND** recruiting is live. Extended seasons will be offered in the Spring and Summer for both Premier and Regional.

Until further notice, we are unable to offer the BMO Harris Bank Centre program until events resume in the arena. We will notify our families when the program is ready to resume.

#### OPT-IN FUNDRAISERS

We will offer opt-in fundraisers to assist families in offsetting dues/fees throughout the season. Details will be provided at the Season Kick-Off Meeting.

### DISCOUNT PROGRAMS

#### PAID IN FULL DISCOUNT

Given the uncertainty surrounding the 2020-21 season, we are not encouraging any family to "Pay In Full" at the beginning of the season. All families, must enroll in our Payment Plans through LeagueApps. We apologize for the inconvenience.

#### SIBLING DISCOUNT

We will continue to offer our Sibling Discount program this season. The discount is 3% of the season dues based on the program each sibling is participating in. The amount will be applied to your FINAL payment of the season. These are the amounts for each program:

### HOW TO PAY DUES/FEES

ALL PAYMENTS ARE PROCESSED ONLINE THROUGH LEAGUEAPPS AUTO-PAY. YOU CAN CHOOSE ACH (FREE), DEBIT OR CREDIT CARD (TRANSACTION FEE APPLIED). # TRYOUT QUESTIONS

2020-21 Season - Return To Play - Making Your Safety A Priority

## ? SHOULD I ATTEND THE EVALUATION CAMP OR THE STANDARD TRYOUT?

We don't have a preference on our end. The advantages of the Evaluation Camp are that players can train while being evaluated and receive an "extended" evaluation. Training would included feedback from our Coaching Staff on their skills. Since we are unable to fit the Pre-Tryout/Fall Clinics into the schedule this season, this serves us both ways. The advantage to the Standard Tryout is that it is a quick 2 hour eval and you will receive an offer within 36 hours of the tryout.

## ? SHOULD WE ATTEND BOTH OPPORTUNITIES?

We don't recommend it. A single evaluation will be completed for each player and be used to determine what program we will offer. There is no advantage to attending both. Additionally, we would like to keep both sessions "spread out" under the current COVID Guidelines so attending both defeats that purpose.

## ? WHEN WILL WE FIND OUT IF WE MADE IT?

Players will be notified within 36 hours of the **Standard Tryout** date/time. That means those attending the Evaluation Camp will have to wait several days to receive their notification. We will bring the evaluation results from the camp forward to the Standard Tryouts and make selections based on the total pool of athletes from both the Evaluation Camp and Standard Tryout.

## ? WHAT SHOULD WE BRING?

We ask that players come "ready" to play with their gear on with the exception of shoes. Be sure to bring all of your gear including a water bottle and hand sanitizer. Players DO NOT need to bring any paperwork. All forms will be completed online. When a player arrives they will receive a bag with their T-Shirt and Bib Number. Players will be instructed to place the bib number on the shirt and put the shirt on prior to the tryout. Bags will be placed in a designated area. Players in the evaluation camp MUST keep their Bib Number.

## ? WILL THERE BE A TRYOUT PARENT MEETING?

We will NOT be conducting an Informational Meeting at the beginning of the tryout as we have done in the past. In fact, parents won't be allowed inside the facility due to the current COVID-19 restrictions on mass gatherings. **We will conduct a Zoom Meeting on Sunday, August 16th at 7:00pm.** Additionally, we will post information about the upcoming season on our website and our Facebook page prior to the tryout.

# COVID QUESTIONS

2020-21 Season - Return To Play - Making Your Safety A Priority

## ? WHAT PROCEDURES DOES VC UNITED HAVE IN PLACE TO PROTECT THE ATHLETES AND COACHES?

We have developed internal protocols using both the Restore Illinois Phase 4 Guidelines as well as the best practices outlined by JVA Volleyball, USA Volleyball and AAU Volleyball. Our procedures include wellness screen, temperature scan, social distancing rules, cleaning procedures, and best practices inside our facility (bag storage, bathrooms, etc.) for our members. The guidelines are comprehensive and available on our website at <https://www.vcunited.club>.

## ? ARE PLAYERS REQUIRED TO WEAR MASKS?

We ask all of our players and staff to wear face coverings when walking from their car to their court/training area each day. Once members have sanitized their hands and passed their temperature scan and wellness screen they can proceed to their area and remove their mask during practice. Players are allowed to wear a mask during practice if they choose. Once players prepare to leave the facility, we ask that they put their face covering on.

## ? WHAT HAPPENS IF A PLAYER/COACH TESTS POSITIVE FOR COVID?

The first step for us is to determine the timeline of the positive test. Current CDC information states that people are most contagious when symptomatic. We will ask the individual with the positive test to quarantine for a minimum of 10 days and not return to practice until symptom free (following the CDC guidelines). We will then inform the individual's team and any team they were in contact with about the positive test. If we believe that the player was symptomatic while at practice we will likely shut down any team the individual was in close contact with (inside of 6 feet, no mask, 15 minutes or longer). If the player was not symptomatic, we will ask the teams to be hyper-vigilant about symptoms, but allow them to continue if symptom-free. Additionally, any player that is quarantined will receive a dues proration for the period of time they are out. These guidelines are subject to change.

## ? IS IT SAFE TO PLAY VOLLEYBALL?

The debate rages on about sports every day in the media. What we know is this. Under our guidelines we conducted practices three days a week for 7 weeks in addition to 600 camp registrations this summer without a single COVID case entering or leaving our gym. We will continue to make sure we do everything within our power to make sure our gym is safe.

CREATED BY VC UNITED STAFF  
USING RESTORE ILLINOIS (PHASE 4) AND JVA VOLLEYBALL GUIDELINES

# SEASON QUESTIONS

2020-21 Season - Return To Play - Making Your Safety A Priority

## ? CAN I JOIN LATER IN THE SEASON; BEFORE ONE OF THE SESSIONS IN OCTOBER OR DECEMBER?

We will conduct tryouts for any OPEN or VACATED roster spots prior to our October, December, and May sessions. However, we cannot guarantee that a roster spot on your preferred program or team level will be available. We encourage players to participate in our full season, but will post availability along with tryout information as the season progresses. **We intend to offer alternatives to our club season and encourage people to follow our Facebook page for more information.**

## ? CAN I TRYOUT AND ONLY DO A PORTION OF THE SEASON?

We expect that players trying out intend to compete in the full season. Logistically it would be difficult and unfair to the individual team members to have players intentionally opting in and out of the season at their discretion. For that reason, players signing our contract will agree to the financial commitment for the season. However, we will consider releasing players from their contract due to COVID related issues on a case by case basis. **We intend to offer alternatives to our club season and encourage people to follow our Facebook page for more information.**

## ? WHAT DO PLAYERS FROM WISCONSIN DO?

If you are from Wisconsin and you are currently scheduled to start the season on September 8th, don't worry, you have a couple of options. First, we recommend that you tryout with our program in August/September. Those players that are selected will have a roster spot held for them regardless of their status with their high school team. Second, under WIAA rules it is legal to train with our program during your HS season. Concessions will need to be made to ensure that you are not overtraining and we will meet with each athlete individually to determine the best schedule for them. Additionally, the rule allows you to play in up to 2 competitions with the approval of your high school coach. If we have the opportunity to enter a tournament prior to your high school season ending (which isn't likely) we will discuss it at that time.

## ? CAN I PLAY MULTIPLE SPORTS AND PLAY CLUB?

Absolutely! In addition to the multiple program tiers designed to work with multi-sport, multi-activity players, we have adjusted our practice times later to allow for the possibility of HS sports being affected by the pandemic. We love our multi-sport players and encourage them to talk to other players that have played school sports while playing at VC United.

# FINANCIAL QUESTIONS

2020-21 Season - Return To Play - Making Your Safety A Priority

## ? WHAT HAPPENS IF MY DAUGHTER IS ASKED TO QUARANTINE?

We are working through this plan at this time. We anticipate that a per practice proration would be determined relative to each program and credited to a player's account for future payments. Those exact figures have not been determined at this time. We will release the details as part of our 2020-21 Financial Agreement.

## ? WHAT HAPPENS TO OUR FEES IF THE STATE SHUTS DOWN SPORTS AGAIN?

We have built in protection for each of our families in the case that we are shutdown for any period of time. The Season Dues will be collected on the 1st and 15th of every month that we are in season. If we are shut down, all future payments will be paused immediately. Once we are allowed to resume activities, all payments that would have been collected during the shutdown are removed from your account and we will resume payments from that point forward. Under this plan, there would be no need for refunds to occur. This is a "pay as you go" plan designed specifically for COVID.

## ? HOW DOES THE À LA CARTE TOURNAMENT INVOICING WORK? HOW MUCH WILL WE PAY?

Under our dues plan, we have removed all portions of the dues related to tournament entry fees.

Once we are given the clearance under the Restore Illinois Guidelines to resume outside competitions, we will begin entering tournaments and paying the tournament entry fees. We will pass those costs onto the families by "invoicing" them through adding the fees to future installments on the 1st and 15th. For example, if we enter 3 teams in a 2-Day tournament that costs \$450, we will divide the entry fee by the total number of players on those rosters. In this example, the total entry fee would be \$1350. Let's assume there are 29 players total on the 3 rosters.  $\$1350/29 \text{ players} = \$46.55/\text{player}$  would be charged for that tournament.

At this time, we still do not know what impacts the pandemic has had on tournament entry fees in Illinois or across the country. However, in effort to assist our families, we have prepared approximations for each program. **It is possible these fees will vary based on the number of tournaments we can enter and if entry fees increase this season due to COVID-19.**

Girls' Elite U15-U18: Approx \$500/player

Girls' Elite U12-U14: Approx \$400/player

Girls' Premier U10-U18: Approx \$275/player

Girls' Regional U10-U18: Approx \$125/player

*Please note: These fees do not include any travel fees associated with out-of-state events.*
